

# Training Southeast Alaskans to Weatherize Alaska

## **FREE** **WEATHERIZATION TRAINING**

THRHA and CCTHITA have joined forces to provide Weatherization Training for eligible Tribal Citizens through a grant from the U.S. Department of Energy. Graduates may have the opportunity for employment with THRHA, RuralCap, Alaska Community Development Corp and other weatherization service providers. Applicants who live outside the Juneau area may apply for travel assistance.

**For more information and to download an application go to:**

### **ADVANCED** **Weatherization Training**

**September 20 - 24**

This five day training is targeted toward individuals who are currently working in the field of weatherization. Participants will advance their knowledge of diagnostic equipment to evaluate and improve energy efficiency. The course will utilize both lecture and "hands on" activities.

### **BASIC** **Weatherization Training**

**October 18 - 22**

This five day course is designed to introduce individuals to weatherization job readiness and material installation techniques by the use of both classroom instruction and "hands-on" laboratory experience. This course is primarily designed for individuals new in the weatherization field.
